

Multiview's Industry Leading ERP Solution provides a single point of truth within your organization, enabling visibility across divisional, regional, or product line silos.

With an abundance of features designed with the healthcare industry's unique challenges in mind, our ERP solution will save your accounting and finance teams countless hours. You can say goodbye to month-end while opening the doors to robust reporting and valuable business insights.

At Multiview, we take a personalized approach to implementation and training. We bring industry-specific expertise to the table, calling on our team of former Hospital CFOs, Business Office Directors and Revenue Cycle staff to offer you customized guidance. Here's an overview of the core features you can tap into and the unique benefits our solution offers.

Multiview ERP Includes:

BUDGETING AND FORECASTING

Real-time budget visibility, seamless integration, and auditable change management with full drill-back capabilities.

EMR360 PATIENT LEVEL REVENUE

Drill back to source interface data without logging into your EMR and use Multiview reporting tools for streamlined workflow.

BUSINESS INTELLIGENCE

Integrated dashboards and simplified consolidation with a click.

AUTO RECONCILIATION

Daily auto-syncing for Multiview & EMR data, with smart alerts for exceptions.

MULTI-SOURCED DATA CAPTURE

Aggregate and normalize data from all revenue streams, transforming diverse inputs into actionable insights with Multiview.

EFT, ACH AND POSITIVE PAY

Enhanced fraud protection and decreased overhead costs through paperless processing with EFT, ACH, and Positive Pay.

ALERTS AND FOLLOW-UPS

Eliminate manual tracking with automated alerts for cash balances and holds, daily reconciliation notifications.

STREAMLINED WORKFLOWS

Efficient electronic approvals, rapid reconciliation, and instant accruals for seamless oversight and faster audits, while capturing early payment discounts.

ELECTRONIC BANK RECONCILIATIONS

Daily automated clearing reduces month-end workload, ensuring effective cash management and accuracy in accounts.

Multiview ERP gives healthcare finance departments access to real-time, actionable data that users control. By pulling from multiple sources into a single point of truth, we help you make more informed decisions when and where they're needed, so you can drive better results across your entire organization.

What Our Clients Say About Us:

"When I talk to my peers, I always say that simplicity, ViewSource 360, and transparency are the biggest things that I think Multiview can help benefit any industry."

**Teresa Tabor, CFO,
Family Health West**

"Multiview is a very easy to use system with the ability to load as much detail as you need. The implementation process was the best I've participated in."

**Janet Carbery, VP of Finance,
IRG Physical & Hand Therapy**

"Very easy to Use and customer support is very helpful."

Troy P, Director of Accounting

"Since coming on Multiview we have been able to cut our Accounts Payable from almost 40 hours a week to around 5-6 hours a week. It has been a great time saver for us and we are so grateful for all of the work Multiview has put in to automate things."

**John H Everett, CFO,
Cogdell Memorial Hospital**

"Multiview truly lives up to its name by providing a comprehensive view of the organization from various perspectives. It's user-friendly, offers automated processes, and is easy to learn—no gimmicks, just results."

**Andrew Garami, Director of Finance,
Mt Ascutney Hospital**
