MT. ASCUTNEY HOSPITAL AND HEALTH CENTER

Turning Financial Insight Into Impact: Mt. Ascutney Hospital Strengthens Performance With Multiview ERP

Client Profile

Dartmouth Health

Mt. Ascutney Hospital and Health Center

- 25-bed Critical Access Hospital in Windsor, Vermont, including a 10-bed rehabilitation unit
- Serves as a regional hub for healthcare and community health grant administration
- Finance team of five supporting accounting, payroll, AP, and financial reporting
- Focused on accountability, efficiency, and sustainability in a rural setting

The Challenge

- Manual, spreadsheet-heavy reporting slowed decision-making and increased risk of errors
- Limited ability to track financial KPIs such as days cash on hand and debt coverage
- Complex reconciliations and stat generation consumed valuable staff time

The Solution

- Implemented Multiview ERP to automate reporting and monthly close processes
- Introduced ViewSource360 and ViewPoint Analytics (VPA) for real-time KPI visibility
- Partnered with materials management to create a custom API export for purchasing data

Results at a Glance

- Month-end close time reduced by 50%
- Automated KPI tracking for cash, assets, and debt coverage
- Custom API export script simplified purchasing and reporting
- Real-time visibility through ViewSource360 and VPA reports
- Responsive client support and easy-to-access online resources

"Every day's a different problem, and Multiview helps solve each of them. **I literally use it to solve 90% of my problem**s and find out 90% of what I need to know in my job and organization."

Andrew Garami
DIRECTOR OF FINANCE, MT. ASCUTNEY HOSPITAL AND HEALTH CENTER

Simplifying Complexity With Real-Time Insight

- Automated recurring journal entries and template uploads cut month-end close time in half
- ViewPoint Analytics allows instant access to key metrics — no Excel or manual calculations
- ViewSource360 delivers detailed visibility into transactions, costs, and workflows
- Collaboration between finance and materials management improved accuracy and saved hours each month
- Unified system supports faster, more confident financial decisions

Confidence for the Long Term

For Mt. Ascutney, adopting Multiview wasn't just about speed — it was about sustainability. The finance team now operates with precision and transparency, enabling better planning and stronger financial control in a resource-constrained environment.

Responsive support, intuitive design, and self-service learning tools ensure continued success. With Multiview as its foundation, Mt. Ascutney is better equipped to manage growth, optimize performance, and deliver exceptional care with financial clarity.

About Multiview

Multiview is redefining ERP for healthcare. Backed by deep expertise in healthcare finance and recognized by KLAS Research as the #1 ERP for organizations under 300 beds, we deliver a powerful, cost-effective solution that unites financials, materials, and analytics — empowering our clients to move faster, see further, and focus on care.
